

BOARD CARE

MGJ Woodworks

Our boards are finished with a special homemade mixture of mineral oil and beeswax.

- Mineral oil nourishes the wood
- Enhances natural grain
- Beeswax seals and protects
- Food-safe and long-lasting

REGULAR MAINTENANCE

Clean after each use

Wash with warm water and mild dish soap.

Dry Immediately

Use a clean towel to dry after washing to prevent moisture damage.

Apply Board Conditioner

Every few weeks, apply a small amount of board conditioner to maintain the wood's natural characteristics.

PERIODIC DEEP CLEANING

1. Sanitize

Mix equal parts white vinegar and water. Wipe down board, let it sit for a few minutes, then rinse and dry.

2. Salt and Lemon Scrub

Sprinkle coarse salt on the board and scrub with a cut lemon. Rinse and dry

3. Reapply Board Paste

After deep cleaning, reapply the board paste to nourish the wood.

AVOID

Never soak your cutting board in water. This can cause warping and cracking.

No Dishwashers: Do not put your board in the dishwasher. High heat and water will damage the board.
